AN INVITATION TO ATTEND

ETAP, the Tunisian National Oil Company, would like to extend a warm invitation to you to attend the Tenth Tunisian Exploration & Production Conference which will be held in Tunis from October 30th to November 3rd 2006.

As in the past conferences, the EPC2006 will bring together, explorationists and engineers from the oil and gas industry and the university, to address current issues faced by the oil and gas industry, exchange ideas and experiences, improve your knowledge and skills and discuss business.

The general theme of the conference will be **“Exploring Deep Targets & New Areas for More Reserves”**.

The conference programme will include two day technical oral and poster sessions, two post-conference field trips and a technical exhibition related to the E&P petroleum services.

In addition to the technical side of the conference, delegates and accompanying persons will be provided with a number of recreational events including a day tour program, creating an atmosphere for free exchange of ideas and relaxation.

ETAP looks forward to your participation and hopes you will reserve the Tenth Tunisian Petroleum Exploration & Production Conference dates on your calendar to join us at EPC2006 in Tunis.

Thank you for your support...
